Important Driver Guidelines

All drivers must sign in at the Racing Office at every meeting. This is an insurance requirement and there will be no exceptions to this rule under any circumstances.

It is each driver's responsibility to get his/her car scrutineered at each meeting. It is the responsibility of the driver to find the scrutineer, and not vice versa.

All formulas (except Bangers) must have a fully operational transponder fitted, otherwise they risk not being scrutineered or lap-scored.

All cars must have numbers displayed on both sides of the car, and also a fin plate at roof level. Failure to comply with this rule could mean not being lap-scored.
(Please refer to 2026 Specifications for each formula for number requirements).

Drivers are not allowed to exit their cars whilst the race circuit is live i.e., under "green" racing conditions. This includes both drivers on the race track whose cars have become immobilised and those who retire to the infield who must also remain in their cars with both their safety harness and helmet on. The only exception to this is where a car needs to be vacated in emergency conditions – i.e., fire etc.

Any driver who requires medical attention, or who signals to a marshal to stop/suspend a race because they are injured, will not be permitted to take part in the remainder of that meeting, and may require a medical certificate to compete at any subsequent meeting.

Promoter, DMC Race Promotions.
